

THE LEGAL DEPARTMENT FOR YOUR MENTAL HEALTH PRACTICE

Mental Health Professionals play such an important role in their clients' lives. That's why they are some of our favorite clients.

We appreciate all the work you do to improve other people's lives. That's why it's our honor to help you improve yours.

We focus on helping you to identify risks and strengthen your business infrastructure to protect you, your business, your clients, and your reputation. We all deal with legal issues. We would love to help you with yours.

There are 7 areas where the law affects your business:

- Entity Structure
- Regulatory Compliance
- Ownership Agreements
- **Client Agreements**
- **Worker Agreements**
- Vendor Agreements
- Intellectual Property Protection

We can help you build this infrastructure!

For Mental Health Professionals, **Client Agreements** and **Worker Relationships** are often major focus areas:

- Do you have a strong service agreement in place that your clients sign?
- Do you have an employment OR independent contractor agreement in place with each team member to cover confidentiality, non-solicitation of clients, non-disparagement and return of materials?

Additional resources, checklists, and articles about various legal topics are available for download on our website. Scan the QR Code to be taken to our Home Page and use the "Resources" tab to find the topic that is most helpful to you.

If one of the above action items needs attention, we can help! Reach out to us for assistance by giving us a call at (904) 860-3111 or sending an email to business@thelegaldepartment.law.

For Service Professionals

BECAUSE *YOUR* MENTAL HEALTH BENEFITS FROM YOUR BUSINESS HEALTH

Why work with us?

- ✓ There's NO hourly billing here at The Legal Department. We offer flat fee, value based pricing that is quoted to you up front in your free introductory meeting so that there are no surprises when it comes to billing.
- ✓ We focus on educating our clients, not just telling them what they should do. Our attorneys host webinars, classes, and workshops with small business partners in order to share information, not keep it hidden. Our website and monthly newsletters are full of free legal resources.
- ✓ We know you! Our firm's sole focus is on small business law. We have experience with your industry specifically and with firms the same size as yours. We are a small business ourself - so we know what you're going through, and we'd love to help.

What do our clients say about us?

“ I've had such a pleasant experience working with TLD and would absolutely recommend them to anyone in need of legal services! I'd give them 6 stars if I could. As a mental health practice owner I've always found the legal side of business to be intimidating and quite frankly- scary! But from the start and with every project I've worked on with them, everyone I've encountered within their business is kind, efficient, and knowledgeable. I never doubt that I'll receive top notch service from them and feel very confident in their expertise in the mental health space.
